

ADVANCES

IN

NONLINEAR

VARIATIONAL

INEQUALITIES

<http://www.internationalpubs.com>

**Abstracting and Indexing
BY**

**SCOPUS
ELSEVIER
PUBLISHERS**

Aims and Scope

**Advances in Nonlinear Variational
Inequalities is aimed at targeting
high quality research investigations**

**on the significant aspects of
research on nonlinear variational/
hemivariational inequalities and
optimization theory with
applications to applied
mathematical sciences and
unilateral mechanics,
complementarity problems,
mathematical finance,
mathematical programming,
control theory, and engineering
sciences.**

Subscription

Rates:

Annual Institutional

Rate: US\$ 150.00

Annual

Personal/Individual

Rate: US\$ 80.00

**Air Shipping &
Handling: US\$ 30.00**

(required)

**Agency Discount :
10%**

**Editor-in-Chief

verma99@msn.com**

EDITORS

N. U. AHMED

**University of Ottawa, Department of
Electrical Engineering, Ottawa, Ontario
K1N 6N5, Canada**

E-mail: ahmed@site.uottawa.ca

GEORGE A. ANASTASSIOU
University of Memphis, Department of
Mathematical Sciences, Memphis, TN
38152, USA
E-mail: anastasg@msci.memphis.edu

IOANNIS K. ARGYROS
Cameron University, Department of
Mathematical Sciences, Lawton, OK
73505, USA
E-mail: ioannisa@cameron.edu

J. MARSHALL ASH
DePaul University, Department of
Mathematics, Chicago, IL 60614, USA
E-mail: mash@math.depaul.edu

DRUMI D. BAINOV

**Medical University of Sofia,
P. O. Box 45, 1504, Sofia, Bulgaria
E-mail: drumibainov@yahoo.com**

MARK J. BALAS

**University of Wyoming, Department of
Electrical & Computer Engineering,
Laramie, WY 82071, USA
E-mail: mbalas@uwyo.edu**

CATHERINE BUNDLE

**University of Basel, Mathematisches
Institut, Rheinsprung 21, CH-4051 Basel,
Switzerland
E-mail: bandlemath.unibas.ch**

ERWIN A. K. BRUNING
University of Durban-Westville,
Department of Mathematics and Applied
Mathematics, Private Bag Z54001, Durban
4000, South Africa
E-mail: ebruning@pixie.udw.ac.za

RICCARDO CAMBINI
University of Pisa, Department of
Statistics and Appl Math, 56124 Pisa, Italy
E-mail: cambric@ec.unipi.it

S. S. CHANG
Sichuan University, Department of
Mathematics, Chengdu, Sichuan 610064,
P. R. China
E-mail: sszhang_1@yahoo.com

YEOL J. CHO

**Gyeongsang National University,
Department of Mathematics, Chinju 660-
701, Korea**

E-mail: yjcho@nongae.gsnu.ac.kr

GEORGE DINCA

**University of Bucharest, Faculty of
Mathematics, 70109 Bucharest, Romania**

E-mail: dinca@cnfis.ro

SEVER S. DRAGOMIR

**Victoria University of Technology, School
of Communications and Informatics,
Melbourne City, MC 8001 Australia**

E-mail: sever.dragomir@vu.edu.au

ROLAND GLOWINSKI

**University of Houston, Department of
Mathematics, Houston, Texas 77204,
USA**

E-mail: roland@math.uh.edu

DANIEL GOELEVELN

**University of La-Reunion, IREMIA, Saint
Dennis 97400
France**

E-mail: daniel.goeleven@univ-reunion.fr

N. HADJISAVVAS

**University of Aegean, Department of
Product, System Design Engineering,
Syros, Greece**

E-mail: nhad@aegean.gr

ALI HAJJAFAR

**University of Akron, Department of
Theoretical and Applied Mathematics,
Akron, OH 44325, USA**

E-mail: hajjafar@cs.uakron.edu

FRANK HANSEN

**Copenhagen University, Department of
Economics, 1455 Copenhagen
Denmark**

E-mail: frank.hansen@econ.ku.dk

Charles D. Horvath

**University of Perpignan, Department of
Mathematics, 66860 Perpignan, France**

E-mail: horvath@univ-perp.fr

NAN-JING HUANG

**Sichuan University, Department of
Mathematics, Chengdu, Sichuan 610064,
P. R. China**

E-mail: njhuang@scu.edu.cn

JONG S. JUNG

**Dong-A University, Department of
Mathematics, Busan 604-714, Korea**

E-mail: jungjs@mail.donga.ac.kr

S. M. KANG

**Gyeongsang National University,
Department of Mathematics,
Chinju 660-701, Korea**

E-mail: smkang@nongae.gsnu.ac.kr

GABOR KASSAY

**Babes-Bolyai University, Faculty of
Mathematics, Cluj, Romania**

E-mail: kassay@math.ubbcluj.ro

D. YOUNG KWAK

**Korea Advanced Institute of Science and
Technology, Department of Mathematics,
Daejeon 305 -701, Korea**

E-mail: kdy@kaist.ac.kr

LASZIO LEINDLER

**Josef Attila University, Bolyai Institute,
H-6720 Szeged**

Hungary

E-mail: leindler@math.u-szeged.hu

GEORGE LEITMANN

**University of California at Berkeley,
College of Engineering, Berkeley,
California 94720, USA**

E-mail: gleit@uclink4.berkeley.edu

JUN LI

**China West Normal University, School of
Mathematics and Informaton, Sichuan
637002, P. R. China**

E-mail: junli1026@163.com

XINZHIN LIU

**University of Waterloo, Department of
Applied Mathematics, Waterloo,
Ontario N2L 3G1, Canada**

E-mil: xzliu@uwaterloo.ca

PATRICE MARCOTTE

**University of Montreal, Department of
Informatics and Operations Research,
Montreal, Quebec H3C 3J7, Canada
E-mail: marcotte@iro.umontreal.ca**

RAM N. MOHAPATRA

**University of Central Florida, Department
of Mathematics, Orlando, FL 32816, USA
E-mail: ramm@mail.ucf.edu**

BERTRAM MOND

**La Trobe University, School of
Mathematics and Statistics, Bundoora,
Victoria 3083, Australia
E-mail: b.mond@latrobe.edu.au**

D. MOTREANU

**University of Perpignan, Department of
Mathematics, 66860 Perpignan Cedex,
France**

E-mail: motreanu@univ-perp.fr

Z. NANIEWICZ

**Warsaw University, Institute of Applied
Mathematics and Mechanics, 02-097
Warsaw, Poland**

E-mail: znaniew@mimuw.edu.pl

SVETOSLAV NENOV

**University of Chemical Technology and
Metallurgy, Department of Mathematics,
Sofia, Bulgaria**

E-mail: s_nenov@hotmail.com

DONAL O'REGAN

**National University of Ireland,
Department of Mathematics, Galway,
Ireland**

E-mail: donal.oregan@nuigalway.ie

SEHIE PARK

**Seoul National University, Department of
Mathematics, Seoul,
Korea**

E-mail: shpark@math.snu.ac.kr

CHARLES M. PEARCE

**University of Adelaide, Department of
Applied Mathematics, Adelaide, SA 5005,
Australia**

E-mail: charles.pearce @adelaide.edu.au

LARS ERIK PERSSON

**Lulea University, Department of
Mathematics, S-97187 Lulea, Sweden**

E-mail: larserik@sm.luth.se

VU N. PHAT

**Vietnam Academy of Science &
Technology, Institute of Mathematics,
Hanoi, Vietnam**

E-mail: vnphat@math.ac.vn

THEMISTOCLES M. RASSIAS

**National Technical University of Athens,
Department of Mathematics, Zografou
Campus, 15780 Athens, Greece**

E-mail: trassias@math.ntua.gr

JOSEF SANDOR

Babes-Bolyai University

**Department of Mathematics and
Computer Science,**

3400 Cluj, Romania

E-mail: jsando@math.ubbcluj.ro

K. K. TAN

Dalhousie University, Department of

Mathematics and Statistics, Halifax, NS

B3H 3J5, Canada

E-mail: kktan@cs.dal.ca

E. TARAFDAR

**University of Queensland, Department of
Mathematics, Brisbane, Queensland 4072,
Australia**

**J. S. UME, Changwon National University,
Department of Applied Mathematics,
Changwon 641-773, Korea
E-mail: jsume@changwon.ac.kr**

**J. -C. YAO
National Sun Yat-sen University,
Department of Applied Mathematics,
Taiwan 80424, R. O. China
E-mail: yaojc@math.nsysu.edu.tw**
