AIMS & SCOPE

Communications is an international journal devoted to publish high quality peer-reviewed research in all areas of nonlinear mathematical sciences (including control theory and optimization), mathematical physics, and their applications - valid mathematical models of importance and significant real world problems with some data analysis to academic fields as well as to science and industry.

SUBSCRIPTION

Communications is quarterly, and is published in January, April, July and October.

Annual Institutional/ Library Subscription Rate: US\$ 300.00

Annual Individual/Personal Subscription Rate: US\$ 150.00

Air Shipping & Handling, US\$ 40.00 (Required)

Subscription Agency Discount: 10%
